## ENVIRONMENTALLY SAFE PRODUCTS THAT HELP MEET SUSTAINABILITY GOALS

### **CLR® PRO Calcium, Lime and Rust Remover is certified EPA Safer Choice and meets LEED Standards.**

CLR® PRO Calcium, Lime and Rust Remover has been evaluated through the EPA's rigorous scientific process, so it contains only the safest ingredients without sacrificing quality or performance. With no ammonia, phosphates, or alcohol, CLR® PRO Calcium, Lime and Rust Remover is non-corrosive, non-toxic, non-abrasive, and meets a very stringent human health and environmental criteria.

#### **Meets LEED Standards.**

LEED Standards in green cleaning aim to reduce levels of chemical, biological, and particulate contaminants, which can compromise the health of your employees, building finishes and systems, and the environment. EPA Safer Choice products are LEED compliant.

#### **Biodegradable and safer for the environment.**

Safer for plumbing, septic systems, vegetation and marine life. CLR® PRO Calcium, Lime and Rust Remover does not pollute air or waterways.

#### **Non-corrosive and non- abrasive on application surfaces.**

CLR® PRO Calcium, Lime and Rust Remover is safe to use on work surfaces because it contains naturally derived Lactic Acid.

#### **Non-toxic and safe for employees.**

Free of ammonia, alcohol and phosphates, CLR® PRO Calcium, Lime and Rust Remover is safe for employees to handle and for your company to store. It does not contain ammonia and phosphates which can cause damage to skin, eyes, kidneys, and more, while also making it difficult to breathe. Ammonia and alcohol pose risks of flammability. Using Calcium, Lime and Rust Remover lowers the risk of harm to your employees.
