ENVIRONMENTALLY SAFE PRODUCTS THAT HELP MEET SUSTAINABILITY GOALS

CLR® PRO Septic Treatment is certified EPA Safer Choice and meets LEED Standards.

CLR® PRO Septic Treatment has been evaluated through the EPA's rigorous scientific process, so it contains only the safest ingredients without sacrificing quality or performance. With no emulsifiers, added enzymes, surfactants, soaps, or fragrance, CLR® PRO Septic Treatment is non-corrosive, non-toxic, non-abrasive, and meets a very stringent human health and environmental criteria.

Meets LEED Standards.

LEED Standards in green cleaning aim to reduce levels of chemical, biological, and particulate contaminants, which can compromise the health of your employees, building finishes and systems, and the environment. EPA Safer Choice products are LEED compliant.

Biodegradable and safer for the environment. Safe for plumbing, septic systems, vegetation and marine life. CLR® PRO Septic Treatment is safe for fish and other aquatic life, does not pollute air or waterways, and does not add harmful chemicals to the land.

Non-corrosive and non-abrasive on all drains.

CLR PRO® Septic Treatment contains live bacteria that digests and degrades fats, oils and grease to safely promote free flowing drains and grease traps.

Non-toxic and safe for employees. The only biproduct of CLR® PRO Septic Treatment is CO₂ and water, so employees can safely use and store it.
